Inspector General of Registration,
Bombay Presidency,

The SECRETARY to GOVERNMENT,
Revenue Department,
Bombay, Secretariat.

Subject:—Administration Report.

Sir,

I have the honour of submitting my notes on the working of the Registration Act XVI of 1908 during the Calendar year 1923 together with the five revised statistical statements prescribed by G.R.R. No. 330-A of 15th May 1923, 20th August 1923 and 23rd November 1923.

2. I was in charge of the Department throughout the year under report.

3. The steady decline in the number of registrations which has been going on in the Department from the year 1920 also continued during the year under report, and the total number of registrations declined from 303,697 in 1922 to 289,766, *i.e.*, by 13,931, thus showing a decrease of 4·58 per cent. We have not yet reached the pre-war figures of 282,287 in 1914. The decrease is shared by almost all the districts in the Presidency except Ahmedabad, Broach and Kaira which show a small increase. The increase in Broach is substantial and is ascribed by the District Registrar to the high price of cotton. The increase in the other two districts is insignificant. The decrease is most conspicuous in East Khandesh, Thana, Dharwar, Poona, Bijapur and West Khandesh. In East and West Khandesh and Bijapur it is attributed to an unfavourable season. In Poona to the unsettled condition of the money market. In Sind the decrease is generally ascribed to the tightness of the money market. In the commercial centres of Bombay, Ahmedabad and Karachi—all of which show a decrease—it is ascribed to the general depression in trade. The general decrease throughout the Presidency appears to be due to decline in trade activities and the consequent reduction in the value of properties or in other words the continued pressure of currency deflation from which for local reasons Broach and much of Gujarat escape.

4. Documents relating to immovable property which constitute 97·8 per cent. of the total number of registrations amounted to 283,499 as against 297,419 in the preceding year showing a decrease of 13,950 or 4·69 per cent. Documents relating to movable property have declined by 2·3 per cent. Compulsory registrations show a decrease of 13,733 or of 4·7 per cent. Optional registrations have also declined by 217 or by 2·7 per cent. Wills and authorities to adopt have however increased by 124 or 7 per cent. The average value per document registered in Book I declined from Rs. 1,552·11 in 1922 to Rs. 1,418·05 during the year under report.

5. As a natural consequence of the fall in the number of registrations the income of the Department has also fallen from Rs. 13,77,023 in 1922 to Rs. 12,76,793 during the year under report—showing a decrease of Rs. 1,00,230 or 7·3 per cent.

6. The total expenditure of the Department as shown in the prescribed form No. IV amounted to Rs. 6,32,187 against Rs. 7,11,028 of the last year thus showing a decrease of Rs. 78,841. The heavy expenditure during 1922 was mainly due to retrospective effect having been given to the revision scheme. The decrease is, to some extent, due to abolition of sub-registry offices, to reduction in clerical staff in Bombay and other places on account of introduction of photography, to suspension of sub-registrars' visits to out-stations in places where inconvenience would not be seriously felt by the public and to careful handling of the grant for temporary establishment. Besides the expenditure shown above, there are other items on which the Department has to spend a good deal. They are as follows:—

	Rs.
Cost of printing of books, forms, etc. ...	19,352
Do. Stationery	2,679
Do. Rubber stamps	831
Rough rental value of Registration offices ...	36,000
Rough proportion of the pay of District Registrars and Inspector General of Registration ...	58,180
Total ...	1,17,042

Including the above items the total (*pro-forma*) expenditure comes to Rs. 7,49,229. Deducting this from the total income, the net surplus of the Department amounts to Rs. 5,27,564 against Rs. 5,48,952 of the preceding year. Thus our efforts at economy have kept the net revenue up in a way that compares favourably with the gross revenue (which is beyond our control).

7. The noticeable features of the year's administration were—

(1) The Photo copying system which has been in force from 1921 was extended to three more offices during the year, *viz.* :—

Ambegaon (Poona district)	...	...	1st March 1923.
Bombay	...	...	1st August 1923.
Bandra	...	...	1st December 1923.

Up to 31st July 1923 only one camera was working. From August 1st when Bombay was brought under photography the second camera began to work in the newly constructed Photo shed. The system has been working successfully; and the photo copies are now more distinct and clear. A few complaints were received from the Bombay Solicitors regarding unstitching of deeds and every effort has been made to mitigate them. To remove any possible legal difficulties proposals have already been submitted for amendment of the Registration Act. Government have recently sanctioned the gradual extension of photography to other offices—G. R. No. 528-A of 26th January 1924—and steps are being taken.

(2) The system of card indexing was introduced from the beginning of the year throughout the Presidency. The system being new, Sub-registrars sometimes did not work it correctly in the beginning. The Inspector General himself examined the card indexing work in a large number of Sub-registry offices and explained their defects to Sub-registrars and set them right and the system is now working well. The paper first used for the cards was not thick enough; but now cards printed on tougher and stouter paper have been supplied. The preparation of the cards occupies less time and search under the system is rapid and very easy. The only objections against the system are that the method of strict inter-alphabetical arrangement is tedious and takes more time but the complaints will probably disappear as Sub-registrars get accustomed to the method; another difficulty is the very unsettled spelling of Indian names. Alphabetic arrangement presupposes stereo-typed spelling. These troubles are being grappled, and can be overcome. To facilitate preparation of carbon duplicates steps are being taken to supply the index sheets in blocks like Post Office Registration Journals.

(3) On the ground of insufficient work, the following posts of Sub-registrars were abolished during the year:—

1. Mandal (Ahmedabad).
2. Gogho (do.).
3. Boisar (Thana).
4. Umbergaon (do.).
5. Chandgad (Belgaum).
6. Sholapur No. II.

Besides the above the post of Registration Clerk, Nawabshah, was amalgamated with the Sub-registrar's post. More offices are being closed as vacancies occur.

(4) Opening a new Registration District called the Bombay Suburban District (G. No. 6729-21-N. 22). As the Bandra office already existed the change is only a paper one.

(5) The system of keeping Post Office Journals for registered letters and V.P. articles was introduced in Haveli Sub-registry

office and Poona District Registrar's office. It is being extended to some important offices in the Presidency and reduces labour in both Departments.

(6) Transfer of some of the City Survey maintenance work to Sub-registrars in offices which are lightly worked (G. R. No. 8134 dated 10th December 1923).

8. Tagai bonds have fallen abnormally from 18,908 during 1922 to 2,111 in the year under report. It appears Tagai loans were distributed very sparingly during the year.

9. Sale certificates granted by Civil courts and Revenue officers amounted to 2,588 against 2,140 of the preceding year.

10. 684 documents were impounded during the year for insufficiency of stamp duty. In 482 cases deficit duty and penalty was recovered. In 96 cases documents were certified as properly stamped and 106 cases awaited disposal at the end of the year.

11. 616 unclaimed documents of the aggregate value of Rs. 3,19,131 were destroyed during the year against 1,084 of the total value of Rs. 6,22,365 destroyed during the preceding year.

12. Of the total number of documents registered, the number returned by registered post amounted to 189,198 (or 65·2 per cent.) against 191,219 (62·8 per cent. in 1922). The system is gaining popularity every year. At some places in Sind there are not sufficient Postal facilities. The District Registrar of Larkana remarks that during the year the number of documents returned by post decreased in his district by 884 which is due to the fact that large areas in that district have lost their Postal deliveries owing to retrenchment in the Postal Department. During the year two documents were reported to have been lost in transit, *viz.*, one in the Belgaum district and the other in Poona. In the Poona case the Postal authorities took severe action against the person by whose negligence the packet was lost. In the Belgaum case the mail bag containing the document dropped from a motor van and the Police were unable to recover it. In both the cases certified copies were granted to the parties concerned free of charge so that no loss or inconvenience was ultimately occasioned.

13. 580 Parsi marriages were registered during the year. Of these, 409 were registered by the Registrar of Marriages, High Court, Bombay, the remaining 171 marriages were registered at other places in the Presidency. Marriages under the Special Marriage Act III of 1872 amounted to 17, of these 14 were registered in Bombay and the remaining 3 at Ahmedabad.

14. Documents relating to Co-operative Credit Societies registered during the year amounted to 4,460 against 4,415 registered in 1922.

15. The piece work system of paying for copying work is satisfactory. It is more economical than employing temporary hands on monthly wages and is the best device for clearing up arrears as the number of hands is not restricted.

16. There were four prosecutions under the Registration Act during the year—one in Kolaba, two in East Khandesh, and one in

Dharwar. In East Khandesh in the first case the accused were five in number and all of them were convicted. In the second case there were four accused; three of the accused were acquitted and one was convicted not under Section 82 of the Registration Act, but under Section 467 of the Indian Penal Code. In the Kolaba case the accused was discharged before a charge was framed. The Dharwar case ended in conviction of the accused.

17. Two Sub-registrars in the Dharwar district, *viz.*, those at Hubli and Rop, were suspended for alleged misconduct.

18. During the year only 40 declarations were recorded under the Kutchi Memons Act against 227 during the preceding year. This shows that almost all declarations have now been filed.

19. The Sub-registrars working in the four Deccan districts of Poona, Satara, Sholapur and Ahmednagar prepared 48,399 documents under the Deccan Agriculturists' Relief Act against 50,198 during 1922.

20. During the year the District Registrars examined 79 Sub-registry offices as the restrictions imposed on the touring of Registration Clerks in 1922 were removed. The Inspectors examined almost *all* the Sub-registry offices in their Divisions. I myself examined 11 Registry and 35 Sub-registry offices. The inspection work carried out during the year was on the whole adequate.

21. Mr. P. N. Ranade, Head Assistant, has been posted to outdoor inspection as I desired him not to remain too long absent from practical work. He and all the office staff have rendered good services.

22. There has been some trouble in the Kanarese Division as to alleged corruption; investigation is hardly complete; but disciplinary action will be taken wherever even a suspicion adheres.

Your most obedient servant,

F. G. H. ANDERSON,

Inspector General of Registration.
